Thank you so much for your partnership again this year in prayer, through gifts, hard work and encouragement! We deeply appreciate your continued support as we work together using technology to bring God's Word to those who can only be reached this way.

We look back on the year with gratitude and are amazed by what God provided for in 2025: Indigenous evangelists were able to visit villages close to unreached tribes to give Bibles and medical aid. Technology solutions were started, refined and developed. New staff and volunteers started and many individuals gave selflessly. Again, many Bible texts reached people in Asia and God revealed himself to many hearts.

As we reflect on all that God has done in and through us, we are even more grateful for the gift of His Son. During this Christmas season we come together to celebrate the joy, peace, hope and love we have from knowing Jesus.

We are already looking forward to working together as part of an even greater HFA Network team in the new year. May God bless you abundantly with peace in this Christmas season.
